A HANDSOME PREZENT.—Major Henry Fulton, of the American Rifle Team, left yesterday for New York, after a sojourn of almost a week in our city. Before leaving he presenced the Maynard Rifle Club with a beautiful gold-mounted, pearl-handled revolver, valued at \$25. The pistol is offered as a prize to be competed for by the members of the club under such rules as the Executive Committee may determine upon. The first contest will probably take place the latter part of next week. Mr. Stanton, the Secretary of the club, has received a letter from the Massachusetts Arms Company, the manufacturers of the Maynard rifle, informing him that in return for the compliment conferred upon them in adopting the name they have, that they will fit up a rifle and present it to the club, to be competed for by the members under their own rules, but suggesting that it should not become the private property of any member until he has won it three times.

WHEELING BOYS AT STUTTGART.—Mr. Albert F. Stifel, of this city, who is in Europe studying medicine, writes to friends at home as follows:

"While in Stuttgart I also looked up some of our Wheelingites, who are studying at the Musical Conservatorium. I met Messrs. Armstrong, Ebeling and Schooke, but failed to see Mr. Arbenz. They all seem to be very industrious and making good progress. Mr. Schocke is said to be a very promising young organist, having already taken part in a concert at Stuttgart, at which his playing was highly complimented. Wheeling may well be proud of having four such able and industrious young men in one of the best musical schools of the world, and it is to be hoped that their time will not be cut too short, so that they may enjoy all the advantages of a thorough musical training." BROCKING ACCIDENT.—Frederick Key-kenberg Meets a Horrible Death at Handkan's Orossing.—South Wheeling was shocked, yesterday, over the horrible death of Mr. Frederick Krukenberg, a highly respectable German citizen, at the railroad crossing corner Chapline and 32d streets, better known as "Handlan's Crossing." Mr. Krukenberg, who was upwards of seventy years of age, resided at the corner of 35th and Chapline streets, and at an early hour in the morning left home to do some work at Wheat's tannery, where he was employed, before breakfast. A little later in the day his mangled remainswere found on the railroad near the intersection of Chapline and 32d streets, scattered along the track a distance of several yards. The wheels of a train of cars had evidently passed over the full length of his body, on the left side; the right side showed no marks of injury. The body lay near to and parallel with one side of the track. The left leg was cut off close to the body, and into two parts at the knee. The upper portion of the limb lay several yards from the track, but the lower part was musing, and could not be found. Shreds of fiesh, clumps of hair, and pools of clotted blood lay scattered along between the rails for some distance.

Justuce J. W. Schultz, who resides immediately at the scene of the accident, impanneled a jury and held and inquest over the remains. The jurymen were Lawis Reibold, E. Klepner, Phil. Bixon, F. E. Zeigler, D. F. McKinley, Wesley Dras, Isaac Arbuthnot, A. J. Shultz, Henry Hanke, Wm. Velike, Robert Birch, Wm. Rose.

From the evidence before the jury three can be no reasonable doubt that the

Dena, Isaac Arbuthnot, A. J. Shutir, Henry Hanke, Wm. Velike, Robert Birch, Wm. Rose.

From the evidence before the jury there can be no reasonable doubt that the old gentleman came to his death by accident, although there is a report in circulation that he committed suicide. The fact that he had recently lost his employment at the LaBelle Mill, where he had worked for twenty-four years, and was much depressed thereat, gave some color to the report, which doubtless originated from the fact that the Istality occurred at such an early hour in the morning. There is really no ground for such a supposition. Mr. Krukenberg had been employed for several days in piling tanbark at Wheat's tannery, and having some little extra work to do yesterday, rose earlier than usual with the intention of doing it before breakfast. It is the opinion of Justice Schultz and others that in hurrying to get across the track in advance of the engine he stumbled over the facing which encloses the rails and fell forward, when he was struck by the engine and dragged some distance. A hole in the lower part of his skull would seem to indicate that his head struck against the ties as the body was dragged along. The train was No. 5, a passenger train which leaves the B. & O. depot at 4:49 A.m. The morning was very foggy, and it is likely that the engineer did not see the man at all.

In view of these circumstances, the interestical and the contractions and the corrections and

jury returned a verdict to the effect that deceased "came to his death accidentally, by being run over by a locomotive engine, at about 5 o'clock A. M.," etc.

MEETING OF WAVERLY LITERARY SO-CIETY.—A called meeting of the Waverly Literary Society was held in the chamber of the First Branch of the City Council, last evening, for the purpose of reorganizing for the season. There were som ing for the season. There were some twelve or fifteen of the boys present. They discussed at some length various plans which were suggested of creating an interest in the organization among the old members, and regaining the old status of the Society. No decision was arrived at, but the majority of the members seemed to favor the changing of the Society into a general debating club.

The old omcers of the Society were present last evening and occupied their respective places. On Monday they worked as usual at lathing, and were promptly at supper in the evening, at Mr. Lawrence Heller's, on Market street, where they board. About eight o'clock they went out, and have not been seen aince. They are quite young, the oldest being twenty-one and the youngest eighteen. Both are sober, well-behaved young men, and their absence cannot be accounted for.

Wedding To-Night.—This evening, at 4½ o'clock, at St. Alphonsus Church, Mr. Jacob F. Futterer, of Clarksburg, and Miss Mary Francis Keyser will be married by Father Kreusch. The attendants will be Mr. Seaton Alexander and Miss Gertie Keyser, Mr. William Dimmey and Miss Maggie Keyser, Mr. Joseph Yauhn and Miss Louisa Heimler. After the ceremony at the church the bridal party and friends will repair to the residence of Col. Joseph Dimmey, at Pleasant Valley, where a grand reception will be given them. Cockayne's full orchestra will be in attendance.

Warrants were issued for four boys, two of whom are named Carney, and the other two Currans and Newman respectively, for taking papers from a newsboy named McNabb, on Sunday last.

THE present extraordinary spell of weather was given in order that Wheeling might get her street paving all done; that the farmers might get their potatoes dug and a large amount of wheat put in for the Russian war next year, and that the steamboat men might get their boats painted good and dry ready for a rise. It is thus that Providence is rounding out what Kemple says is the most "remarkable" year "the world has known for centuries."

Wox A Horse.—A horse belonging to Henry Michael was railled off at Louis Seidler's saloon, in Centre Wheeling, last night. There were 500 chances at 10 cents each, and Mr. Alphonse Souliere, who held five chances, won the horse. It cost him \$7.30, however, when he asked the crowd to "step up and take something."

Byg-by, Bly.—DavidBly, the confidence operator, who has about a dozen aliases, was yesterday convicted in the Circuit Court of defrauding several of our citizens last spring, and sentenced to two years' imprisonment in the penitentiary. Bly's history is no doubt familiate to our readers, as it has been frequently published. It was the intention of Sherif Tringle to take him to Moundaville last night, but he is an exceedingly high-toned convict, and preferred not to accompany a party of excursionists, not wishing to make an exhibition of himself. He will be taken down to his new quarters this morning at 10 o'clock.

DIDE'T WANTTO GET UP.—Mand Gebhardt, who was on Monday indicted for the larceny of some clothing from the residence of R. J. Smyth, has been out on bail for some time past, and when she was wanted at the Court House didn't put in an appearance. A deputy Sheriff was sent after her, and upon visiting the residence of her parents in South Wheeling was told that she was in bed and wouldn't get up. The deputy was puzzled, and not knowing what else to do, he returned to Sheriff Tingle for instructions. It was not long before the (Sheriff himself was after her—and he got her. Yesterday she gave hail and was released.

HAGER TOMLINSON PARDONED.—Gov. Mathews yesterday granted a pardon to Hager Tomlinson, who was convicted at the October term, 1875, of the Circuit Court of Ohio county, upon an indictment for larceny, and was sentenced to two years imprisonment in the penitentiary. A petition for the pardon of Tomlinson, signed by many respectable citizens of Marshall county, was presented to the Governor. His term of imprisonment would have expired within a few days.

THE LECTURE.—The second and last lecture by Rev. Dr. Wm. Speer was given at the First Presbyterian Church last night. Like the first discourse, it was intensely interesting, and all present were delighted. The lecturer is a clear and forcible speaker, and being well informed on all matters relating to China and its people, imparts to his hearers the most valuable information in the way of statistics, manners, customs, etc.

INTERRUPTING A MUSIC TEACHER.—
Upon complaint of August Volkenroth, warrants were yesterday issued by Justice Wheeler for Julia, Ida and Laurn Hall, three little girls, who are charged with disturbing the peace. Volkenroth is organist at the St. Alphonsus Church, and also teaches music. He alleges that the children named annoyed him very much on Monday evening while he was teaching a class.
